Description :

Prsentation de l'diteur NAMED BEST MARKETING BOOK OF 2011 BY THE AMERICAN MARKETING ASSOCIATION How organizations can deliver significant performance gains through strategic investment in marketing In the new era of tight marketing budgets, no organization can continue to spend on marketing without knowing what's working and what's wasted. Data-driven marketing improves efficiency and effectiveness of marketing expenditures across the spectrum of marketing activities from branding and awareness, trail and loyalty, to new product launch and Internet marketing. Based on new research from the Kellogg School of Management, this book is a clear and convincing guide to using a more

rigorous, data-driven strategic approach to deliver significant performance gains from your marketing. Explains how to use data-driven marketing to deliver return on marketing investment (ROMI) in any organization In-depth discussion of the fifteen key metrics every marketer should know Based on original research from America's leading marketing business school, complemented by experience teaching ROMI to executives at Microsoft, DuPont, Nisan, Philips, Sony and many other firms Uses data from a rigorous survey on strategic marketing performance management of 252 Fortune 1000 firms, capturing \$53 billion of annual marketing spending In-depth examples of how to apply the principles in small and large organizations Free downloadable ROMI templates for all examples given in the book With every department under the microscope looking for results, those who properly use data to optimize their marketing are going to come out on top every time. Quatrième de couverture NAMED BEST MARKETING BOOK OF 2011 BY THE AMERICAN MARKETING ASSOCIATION Praise for DataDriven Marketing "To paraphrase the old adage: Half of marketing dollars are effective, we just don't know which half! This book changes the marketing game so you'll really know what's working and what's not. The 15 metrics, along with the case examples, are an authoritative toolkit for making better decisions to create new markets, drive revenue, increase customer satisfaction, and improve profitability." John M. Boushy, former CEO, Ameristar Casinos, Inc. "A groundbreaking combination of research, frameworks, and pragmatic advice for both controlling and radically improving marketing. A must-read for the entire marketing organization, from the CMO to the front lines." Barry Judge, Executive Vice President and Chief Marketing Officer, Best Buy "Business-to-consumer marketing and business-to-business marketing are very different. Through detailed examples, this outstanding book shows how to apply data-driven marketing in both worlds for real results. This book is for anyone in business, not just marketing, who wants to step up the performance of their marketing." David G. Bills, Senior Vice President and Chief Marketing and Sales Officer, DuPont "Every year, baseball teams go to places like Florida and Arizona to run through the basics which are the cornerstone of performance excellence. This book is the marketing equivalent of taking all those ground balls. An essential read for every marketer who cares about and wants to improve upon the science of their craft." Derek Ungless, Executive Vice President and Chief Marketing Officer, DSW Shoe Warehouse
