Description :

Prsentation de l'diteurStiletto can be Deadly...Enlisted as a child and living out the vicarious dreams of her adoptive mother as a covert-ops sleeper, Kefira fights against a ticking clock. Flashbacks provide sanctuary from the political intrigue, adding depth to the real-to-life personalities of Kefira's team.In her attempts to unravel the political intrigue behind world-threatening events, Kefira - the orphaned child of top-secret Mossad operatives killed by a bomber in Buenos Aires - confronts more than even her training can cope with, yet she intuits her way to disentangling multiple threads to plans for a chemical weapons attack on

Israel in the making. Kefira's investigations expose not one but two world domination plots, including the machinations of a Russian oligarch's greed and traces of a covert Chinese espionage plot to exploit mind control. *Tsunami Connection* is an espionage thriller that'll keep you awake at night. It combines intricately painted descriptions that reviewers say, put a picture in your mind's eye, and the story of a determined thirty-something woman's struggle to find her place in an inhospitable world. Biographie de l'auteur Michael James Gallagher is an established author who began his writing journey with a gripping, post-cold-war espionage thriller: "*Tsunami Connection*". His strong-willed heroine Kefira delighted readers worldwide as she overcame enormous odds in preventing genocide and finding a way to trap a cunning and resourceful ex-Fenian terrorist named Macaulay. Following strong sales in the English-speaking world, Michael's work has recently been translated for distribution in Turkey and Germany. Michael's fast-moving style and unfailing eye for detail make his books very hard to put down once started. "*Diamond Rain*", the second book in the *Spy Stories and Tales of Intrigue Series*, introduces Thomas, a loner with an uncanny ability to chase down details in the pursuit of truth. Believing he has found the foundations of love, he sees everything snatched away from him by technology he can barely comprehend. But the object of his desire has given him a gift before she is lost to him, a gift so precious and powerful that Thomas believes he has the means to find her again and, in the process, defeat a reincarnated Mao Tse Tung in Central China. When not writing or dancing tango, Michael spends his time developing hilarious, but informative Internet-ready learning modules for his adult students studying in their homes. Planning and editing numerous language textbooks complements his writing experience. He has encouraged high school dropouts to realize their academic dreams for 35 years in Montreal, Canada.
